7 Benefits of Mobile Learning Over Traditional eLearning

Performance Support

mLearning is ideal for performance support intervention as learners have easy access to information while at work. This leads to increased usage and retrieval.

Multi-Device Support

The same course is available on varied devices ranging from PCs and laptops to tablets and smartphones.

Better Completion Rates and Higher Retention

The bite-sized or microlearning approach makes it easier for learners to initiate, complete, and retain learning better.

1

Learning Path

Mobile devices can be used to update learners on their “learning path” thereby facilitating “learning as a continuum”.

2

3

Higher Engagement

The training experience is more immersive and completion rates are higher as compared to traditional eLearning.

4

5

Collaborative Learning

It is a great way to engage with peers to share learning experiences and be part of communities of specific practices.

6

7

Flexibility to Learners

With mLearning, learners have the flexibility of learning “anytime, anywhere” on the device of their choice and in varied formats.
